

Kayak Tours Vancouver Island

Sea Kayak Tours & Wilderness Retreat

For over 40 years, West Coast Expeditions have been marine ecology tour leaders in British Columbia, creating and delivering unmatched diverse west coast experiences, including over 25 years with guided sea kayaking adventures. With attention to detail, we offer you base camp kayaking tours with camping comforts like nowhere else, highly flexible family kayaking options, and more "out there" guided sea kayak expeditions on the edge of Canada.

- Aboriginal Tourism connections with local First Nations ownership, services, and everyday interactions
- Kayaking Professionals as respected pioneers, educators, innovators and leaders
- Ecotourism affiliations with the Wilderness Tourism Association of BC, Aboriginal Tourism BC, the Georgia Strait Alliance, BC Marine Trails Network, BC Cetacean Sightings Network, and the Sea Kayak Guides Alliance of BC
- Responsible tourism commitments to the area, including volunteer environmental monitoring & stewardship
- Unmatched base camp comforts & conveniences with very low site impacts & carbon footprint
- Personalized west coast adventures that bring loved ones and friends together, building community

Vancouver Island Sea Kayaking Tours

Join us on Spring Island every June to September summer paddling season for professionally guided sea kayak tours, old-growth forest walks, shoreline hikes, and diverse wildlife viewing. Savour a flexible, fun, and refreshing vacation at the only wilderness retreat like it in Canada!

Truly get away - kayaking in Kyuquot, off the beaten path! Experience the joy, wonder, and diversity of a remote Vancouver Island adventure destination rich in marine biology and Aboriginal culture, where the coast meets the mountains.

Since 1972 we've specialized in fun authentic experiences that connect people with the west coast, including over 25 years of guided sea kayaking trips in Kyuquot's spectacular BC coastal ecosystem, home of the curious sea otter.

Sea Kayak Fishing Tour/Course : Fishing and kayaking are a great combination. Doing this from the convenience, comforts, and idyllic location of our Wilderness Retreat on Spring Island is even better! This experience is scheduled around the moon, and to allow morning and afternoon fishing sessions around tides. Done in partnership with SKILS.

The shallow draft, manoeuvrability, and stealth of the kayak allow anglers to tuck into the nooks and crannies that fish love, close to the kelp and rocks.

Instructional Kayak Expedition

Learning while doing...and in the best possible west coast kayaking location! Groups can arrange for a customized instructional expedition that introduces practical lessons and skill development with the basic itinerary of our Bunsby or Brooks Expeditions.

Instructional Kayaking Courses & Tours

Boost your confidence and proficiency to more fully enjoy the incredible places that you visit by kayak. Our Wilderness Retreat, instructional guiding team, and industry partners offer the perfect combination for scheduled or customized instructional courses or tours.
